SMARTBED

YOUNG TWIN

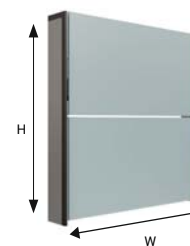

*Can a bunk bed save even more space
in a small room?*

*Yes, if it's a bed hidden
in the closed!*

A unique, patented solution which makes the bed after folding only 37 cm thick, i.e.:

an ideal solution for siblings, e.g. for small rooms for children or teenagers, where every centimetre of space for free play is important.

SMARTBED

YOUNG TABLE

WHEN A SMALL LIVING ROOM NEEDS TO BE DINING ROOM AND A BEDROOM AT THE SAME TIME

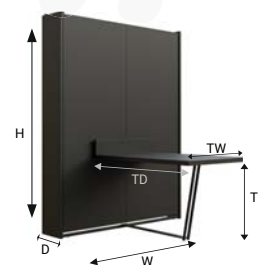

- saving every square foot is a priority

A wall bed with folding table combines both functions, dining and bedroom.

It allows you to enjoy free space in a small living room, a bachelor apartment or a studio.

This hidden, large table can serve several functions, such as for shared meals, creative projects with children, as a bar or for remote work.

BOXBED

INVISIBLE, CONVENIENT,
ALWAYS AT HAND

We usually hide our beds in what we call a closet.

We decided to go further and create a comfortable, full-size bed hidden in a closet.

This compact solution will please the owners of really small rooms, also in the loft, where it is difficult to find space even for a classic bed in the closet.

This is an ideal solution for studios, guest rooms or rooms for distance working.
